LEONARD SCOTT & CO'S LIST OF

Foreign Periodicals

THE LONDON QUARTERLY REVIEW,
THE EDINBURGH REVIEW,
THE WESTMINSTER REVIEW,
THE NORTH BRITISH REVIEW,—AND
BLACKWOOD'S EDINBURGH MAGAZINE

The above Periodicals are reprinted in New York immediately on their arrival by the British Steamers, in a beautiful clear type on fine white paper and are faithful copies of the originals—Blackwood's Magazine being an exact *fac simile* of the Edinburgh edition

The prices of the Re prints are less than one-third of those of the foreign copies, and while they are equally well got up, they afford all that advantage to the *American* over the *English* reader

TERMS

PAYMENT TO BE MADE IN ADVANCE

For any one of the four Reviews, $3,00 per annum
For any two do 5 00 "
For any three do 7 00 "
For all four of the Reviews, 8 00 "
For Blackwoods Magazine 3 00 "
For Blackwood and the 4 Reviews 10 00 "

Remittances and Communications must be made, in all cases, without expense to the Publishers—the former may always be done through a Post master by handing him the amount to be remitted, taking his receipt and forwarding the receipt by mail post paid for the money may be enclosed in a letter, *post paid* directed to the publishers

*** All communications should be addressed (post paid) to

July 26 ddw A P GUILD

RUST PROOF IRON,

FOR

ROOFING WINDOW SHUTTERS, &c

THE subscribers beg to call the attention of all those interested in roofing, to their GALVANIZED TIN PLATES, and to the many advantages which they possess over all metallic and other substances hitherto used for this purpose, possessing as they do the strength and lightness of iron without its liability to rust having now been tested several years, both in this country and in Europe They are also less subject to expansion and contraction from sudden changes of the atmosphere, than common Tin Plate, Iron, Zinc &c, or any other metal now used for roofing, and consequently form a much better and tighter roof, requiring far less frequent repair, whilst the first cost is but a trifle more

The subscribers would also call the attention of all dealers and workers in metals to the many other purposes to which Iron thus protected, can be applied In general terms it is applicable in all articles of iron which it is desirable to protect from the action of the atmosphere And they would especially call the attention of those interested in TELEGRAPHIC LINES, to their Galvanized Wire, which is now almost entirely used in Europe and which answers every purpose as a conductor of electricity, costing only about one half as much as copper, and possessing equal durability with that too at

Having lately erected works in this city for the purpose of galvanizing Nails, Spikes Bolts Wire &c, they will be able to furnish any article which may be desired A supply of Plates (manufactured in Europe) constantly on hand, from 15 to 3 wire gauge GEO B MOREWOOD & CO

Nos 14 and 16 Beaver st, New York

The Patent Right for this article has been secured for the United States as well as Great Britain, and other European countries, and all legal measures will be taken to prevent any infringement by importation or otherwise

DR. UPHAM'S

Vegetable Internal Remedy

FOR THE PILES!

A Cure for Life Secured.

For the use of Piles, Inflammation of the Liver and Spleen, Inflamation, Surfeits and Obstruction of the Stomach, Bowels, Kidney and Bladder, Inflammatory and Mercurial Rheumatism Impurity of Blood Weakness and Inflamation of the Spine, and for the relief of Married Ladies

THE ESTABLISHED PILE ELECTUARY invented by Dr A Upham, a distinguished Physician of New York city, is the only really successful remedy for that dangerous and distressing complaint, the Piles, ever offered to the American public.

Mark how it is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, whether bleeding or blind, internal or external and probably the only thing that will There is no mistake about it It is a positive cure—*speedy and permanent* It is also a convenient medicine to take, and improved the general health in a remarkable manner

Each box contains twelve doses, at $1 3 cts per dose, it is very mild in its operation, and may be taken in case of the most acute inflamation without danger—All acute and painful sensations are in the highest degree disagreeable, inconvenient and offensive, and from the very nature of the disease, temporary in their effects This Medicine attacks the disease at its source, and, REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT

INFLAMMATORY DISEASES

Although the LECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine of superior order to all others, in all diseases of an inflammatory character, with a determination of blood to any particular part or organ, the inflammation and congestion of the Liver and Spleen, Inflamation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, Inflammatory and mercurial Rheumatism, is the best medicine ever discovered

IMPURITIES OF THE BLOOD

For all impurities of the Blood, arising from the imprudent use of Mercury, or other causes, for all diseases of the skin, as Scrofula or Affections, in all cases where the blood is prone fully determined to the head, pimples, blotches and diseases, DR UPHAM'S ELECTUARY is entirely unrivalled

TO MARRIED LADIES

Many females are almost invariably subject to that painful and dangerous disease, the PILES, will consult their preservation of the Stomach Bowels and Spine, weakness of the back flow of blood to the heart &c—The Electuary is perfectly safe for Pregnant Ladies, as she will find useful to shorten that can possibly in a mild, as will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION but will ensure easy time, a safe delivery, and a sound constitution to the offspring.

CURE FOR LIFE GUARANTIED.

The Electuary contains NO MINERAL Medicine, no Aloes colocynth, Gamboge, or other powerful and irritating purgatives No fear of taking cold while in use, no change in diet necessary It is not nauseating to the directions, A CURE FOR LIFE IS SELDOM MISSED

Pamphlets giving valuable information respecting this Medicine may be had of Agents, or of the Proprietor DR BRUNDLE, 130 Washington st Boston, General Agent for the New Eng and States

GREAT SUCCESS OF UPHAMS

PILE ELECTUARY.

Portland Me, March 4, 1847.

Dr Upham—My dear Sir—I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary I have been a perfect martyr to the Bleeding Piles for 10 years past, so much so that I became reduced to a most a skeleton, with loss of appetite, and poor digestion arrangement of the digestive organs by reason also I became affected, and in fact I was a nuisance to myself I was obliged to give up my business and tried all kinds of medicine, had the best advice the Empire in Boston and this place could afford, spent much money—my voice submitted to numbers operations This became perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine The first I found to relieve me slightly, still I persevered, and purchased a second, and I assure you, when I got half through, I found myself getting well stuck I kept on, and now I am a well man My dear Sir language cannot express the heartfelt thanks I feel for your once restored to health, and now in a condition to support my large family, dependent on me

You can publish this if you please

Yours truly, SAMUEL CHARLTON

☞ **To JOHN HALE, of FOXCROFT**

And the Public, in general particularly to Druggists, Merchants Booksellers and Pumps

Mr. John Hale:

Dear Sir—It seems to be due to you and to my self, to lay before the public your confession to me in May or June 1846, in the town of Brewer, in the presence of Mr J Parker and G O Goodwin, merchants, and one or two other persons in Mr Parker's store that you sold in the year 1844 to Silas Bunker of Corinth, Me, a receipt or knowledge of the mode of manufacturing Dr White's Plaster, also that you sold or conveyed a like receipt to Elder Pratt at Swanville Bridge and to Robert Spinney, Esq, P M at Southbay and to Mr —— Tolman a merchant at Ingraham's corner, Camden Since you made and conveyances of the knowledge of making said plaster, and after you knew that I had such receipt and right to make and sell, you have traveled much in Maine, and have stated to those persons who were supplied with said Dr White's Plaster, not made by myself, that it was a genuine article, and that you were the only person who had a receipt or right to manufacture Doctor White's Plaster

Your confession, which I have in writing, with your own signature, and witnessed, together with what you have repeatedly stated about the counterfeit, and which can be proved by the testimony of the following named persons, involve you in the crimes of fraud and deception such as few men would be willing to resort to These are the witnesses referred to

THE WIDOW of Elder Pratt, Swanville;
Col C A MACOMBER, E Thomaston,
Elder W REED, do do
H K BOND, Jefferson,
Mr HASKELL, Innkeeper, Jefferson;
J W HICKS & CO Bucksport,
WM BAYARD, Waldoboro',

and 1000 others if necessary—and evidence can be had in this city to corroborate the above statement

You have the advantage of a fair and honest appearing exterior—your countenance is prepossessing and you can thereby easily deceive many,—hence I am compelled, in self defence, to expose your real character

The Public are respectfully informed that I shall continue to manufacture the genuine WHITE'S PLASTER in strict accordance with the Original Receipt, which shall not be second to any made in the State The efficacy of my Plaster is fully established in this city. T G BROWN.

Washington—RICHARD V HAYDEN, OBADIAH HILL

For Clerk of Courts
Penobscot—WM G LAMB
Kennebec—WM M SEAMPLON
Hancock—ANDREW CHUTE
Somerset—LLEWELLYN KIDDER

WHIG CAUCUS

Wednesday Evening.

Let every Whig bear in mind the public Caucus to be held on Wednesday evening, for nominating candidates for Representatives to the State Legislature, and that the primary meetings be regarded by the Whigs meant to be earnest and faithful in the support of their principles and Polls.

It is desirable that there should be a full meeting of the Whigs, and that they should begin to strengthen themselves in reference to the election which takes place on Monday next.

NOTES.

Print votes for the County of Penobscot are ready for delivery. Let the Whigs in the several towns see to it immediately that they have a supply, and that they are early and properly carried and be sure and have them at the Polls early.

Maine Election

The Boston Post gives two reasons why the Democrats of Maine should come out at the State election to be held on Monday the 13th and vote for Representatives to support Mr Polk and his war. The first is that Maine ought to vote to annex Cuba, to which the Whigs will not do. And the second is setting aside all questions of territory the Democratic flag never floated prouder, the war under the guidance of Mr Polk administration is glorious abroad and the success of Democratic financial measures at home has covered the Whig champions with confusion.

Those, therefore, who deem conquest, war and national debt to be blessings, will vote for the Polk Representatives.

The Post adds: It is to be hoped that the Democracy of Maine will see the game the Whigs are playing to effect the darling object of their efforts, namely, political power, and rally zealously to the support of an administration so efficient in promoting the glory of our country.

What is there wonderful in the fact that the Whigs aim at the object of obtaining political power? They do not conceal the object. They wish to vote the power out of those unworthy hands which have plunged two neighboring nations into a contest "for glory," of which no one clearly sees the end.

[Portsmouth Journal.

☞ We very cheerfully give up a large portion of our columns to day to the narrative of the expedition of the State Botanist to Mount Katahdin, written by John K Laskey who accompanied the expedition for the purpose of reporting the same for our columns. This is undoubtedly the most thorough and interesting expedition to the Mountain ever undertaken and certainly the most successful in its results. Mr Laskey has done himself great credit in the preparation of the narrative, and it will be read with great pleasure.

☞ The Democrat snarles about Massachusetts people interfering themselves about the election of Maine, and then publishes a long article urging locofocos here to beat themselves which appears in that silk stocking locofoco paper, the Boston Post.

☞ We learn [illegible] of Mr Isaac Barker of H[illegible] was [illegible] man [illegible] not learn, in [illegible] and [illegible] that the man was arrested and was to have been examined at Levant yesterday.

Dr. Young's Botanical Expedition to Mount Katahdin.

BY ONE OF THE PARTY.

With out a desire to be foremost in giving to the public an account of the Exploring Expedition, or pretending to be thoroughly qualified for the objects in view, yet as the writing of the Narrative has been assigned to me, I cheerfully give such information respecting our journey, as I am able to. The objects and developements must of course be made in a Report to the State by Dr Young State Botanist, and which I just will receive the attention that the subject deserves.

The State having granted an appropriation, and authorised Dr Young at this session, an accomplished Botanist, and ardently devoted to the natural sciences, to make a Botanical Survey of the State, he deemed it most important to make his first tour to Mount Katahdin. This mountain, the second in height of the New England mountains, and owing to its existence into the interior of Maine, and the difficulties attending its ascent, is rarely visited, and had never been explored by a practical Botanist. J W Bailey Prof of Chemistry at West Point, made the ascent on the 14th of August, 1836, and Dr Charles T Jackson State Geologist, made the next on the following year, of the 22d September—both under very unfavorable circumstances, the first in the midst of a drizzling mist and rain, and the latter, when he had partially accomplished the ascent was overtaken by a storm of snow and sleet which prevented him from making that minute examination which he otherwise would have done. Prof Bailey from the fatigues of the journey, and from the continuation of the mist and rain, was unable to gain the highest point of the mountain and this was accomplished by Mr Barnes, one of his party.

We commenced our journey on the 18th August from this city, the party consisting of Dr Young, Rev Mr, A P Chute, of Harrison, in this State, an accomplished scholar and botanist, Dr Thacher, of Providence, an excellent botanist, and a young gentleman of fine talent and education Mr John Emerson, of Glenburn a great enthusiast in botany, and late a pupil of Dr Young, Mr George Emerson, of the city *as markspman and hair killer*. Mr James Colman, also of Bangor, who was employed as a guide, and whose team Dr Young chartered to carry the party and their baggage—and myself, seven persons in all. We left Bangor about 6 o'clock A M, and during the day proceeded as far up the Penobscot as Passadumkeag, where we raised our tents in the field of Mr Orcutt keeper of one of the dams, who kindly allowed us the privilege, and furnished us material for making a comfortable *straw* bed. We gathered up a little wood, cooked our supper by frying some pork and boiling a little water,—ate it with a good appetite "washed the dishes, got our blankets, turned in," and should have had a delicious and continued sleep, but a very heavy shower or two, disturbed us a little, though our tents were water proof. But the situation was exposed, and as the rain was accompanied with wind it drove under the tents and awoke us. However we awoke in the morning by a rise, totally well satisfied with this first experiment of pitching, prepared our breakfast, and resumed our journey by 6 o'clock.

We next dined at the tavern of Mr Lincoln, Lincoln village, a beautiful thriving place situated near the mouth of the Mattawamkeag river. Nothing passed through this town during the summer season, we were really delighted with its appearance. It is beautifully situated on the East or rather the South east side of the Penobscot, has the largest population of any place above Oldtown, and we saw so well cultivated farms, as much so, as any we then had seen east of the Kennebec. The river building this town on the Northwest, is much less apt than both above and farther down the Penobscot, of passing through a long extent of intervale land, of considerable width which appeared to be excellent grass land and rich in vegetable deposite. Here and there was a beautiful island, and some of them quite extensive, formed doubtless, by diluvial and alluvial agency, and with their own growth of large elms, whose branches made a continued shade from tree to tree, formed really a picturesque and charming appearance. One at least we saw, and with the history of the Penobscot Indians, while contemplating these lovely islands read by recalls to mind the days of their by gone freedom and prosperity, ere the European had visited their waters, and made a dwelling in their wilderness—scenes of innocence and content never depicted and nothing left of them but the places which they hunted, and their rivers and lakes which time slowly changes and a degenerate few, who waning in numbers like the days of their years, must soon disappear forever.

In Lincoln village the younger "branch" of our party raised the tents, near the stable of Mr Bush but as our situation was exposed to the gaze of every passer-by Dr Young thought it best to dispense with cooking to day and dine at Mr Fisher's. The tents were borrowed of the Bangor Rifle Company, and had "3 R C" marked on them, and when all spread and in proper trim presented quite a unique appearance. I did not enter the village with the company, but went round by the shore and passed into the road above the village, and passing down, saw the tents erected and a number of the citizens about them, but nothing of our party. Feeling the spirit of mischief, I was led up to the tents, as a stranger, should never seen the like of them before, and enquired what was going on—if they had a caravan in exhibition—"Oh, no," said one, and explained the matter. I observed it looked like a caravan, as it had "B R C" on the canvass, which stood for *Bangor Royal Caravan*, and upon, should like to see the *lion*. One of the citizens—a knowing one observed the lion was not to be seen, but I could see the *elephant*—I declined that sight replying I might have an opportunity a few days.

[illegible] we got as far as Mattawamkeag Point, we encamped again, and here Dr Young took a barometrical observation and I [illegible] *entpassant*, that he did not let an opportunity [illegible] of repeating his observations [illegible] day, deeming this course [illegible] important, and to serve as a sort [illegible] *meteorological correspondence* with the observances of other places.

On the 20th at 10 o'clock, we entered the Aroostook Road, leading off from the Military road, in a North Westerly direction, which we pursued about 17 miles—as far as Mr John Crams in township No 3 of the 3rd Range, 85 miles from Bangor. Here we stopped for the night and all excepting Dr Young and Mr Chute, who were urgently invited by Mrs Cram to lodge at her house, slept in the barn of Mr Joseph Perry, an old veteran of Mount Katahdin, who with a party from different sections of the State, ascended the Mountain in 1804, the first white men who ever trod the summit, the tour of which is mentioned in Williamson's History of Maine. During the afternoon of the 20th while passing through the unincorporated township of Benedicta, purchased by the late Bishop Fenwick for the site of a Catholic College, we got a glimpse of Katahdin, in a Westerly direction crowned with a circle of white and misty looking clouds, which in an hour the wind blew away from his brow and revealed the stern, time worn features of Katahdin, he eternal guardian of the primeval and perpetual woods, who reared his form in majesty far above the surrounding hills and reminded me as I gazed upon it, of the tower of Babeland the Pyramid of Cheops, but here the contrast failed—the first were of human hands and covered but a few acres, the latter, the gigantic work of nature, and covers with its base over a hundred thousand.

We expected when we arrived at that point of the Aroostook road, which is left in pursuing the route to the East Branch of the Penobscot, we should be able to continue our travel with the carriage, 10 miles farther, to Mr William H Hunt's, on the upper branch of the river, just mentioned, but owing to the badness of the road we were compelled to leave it, and one horse, behind, and therefore, on Saturday morning the 21st we made ready and took our line of march for Katahdin. One of the horses was encumbered with a number of the plants, two large trunks in which to preserve the botanical specimens of the mountain, Mr Cowan took one of the tents and some small essentials, the others their own baggage, provisions, and camp utensils—a catalogue of the *sine qua non* of which—were hard-bread, cheese, two hams, two or three dozens of eggs, a few things of smaller import I shall omit to name, but which were very useful, nevertheless. And I will observe that Dr Young seemed to have spared no pains to prepare for his party and make them comfortable and happy, and happened to be on seeing our baggage overhauled, that he must have had all the experience of an age in travelling out of the pleasant civilization, to inquire up so many little things which one unaccustomed to forest life, would think useless, but which with us, we found really needful.

We found the first five miles of the road to Mr Hunt's residence, extremely bad and difficult though we had been travelling nearly too hours accomplished only this short distance. Here at the house of Mr Tracy, we halted to rest our selves a little. This gentleman removed with his family from Sangerville on the Piscataquis river to this region some eight or ten years ago, when the Aroostook country was considered by many, what the far West is at the present day, a country with the best soil for growing wheat, and the best facilities for growing rich. The land unquestionably is excellent and if half the climate of New York, no better country could be found in the Atlantic States. The soil along the most of our way from the entrance of the Aroostook road, and on Mr Tracy's farm, is principally covered with a splendid growth of the sugar maple, and are would think from its extent, sugar might be made in this region, enough to supply all the demand of the State of Maine.

We again resumed our march, and in the afternoon about three o'clock, arrived at the farm of Mr Hunts. Here we "ground arms,"—and glad enough to get rid of them, as he had had rather a dubious introduction to the anticipated pleasure of a trip to Katahdin, as the party were in good spirits and the trail, though hungry and fatigued, as we did not stop to prepare on our way, a dinner, not to rest ourselves for any length of time. It being now late in the day, and no facilities at hand for crossing the river, Dr Young decided on remaining here over the Sabbath. Mr Hunt has made himself here a productive farm. He removed from the western part of this State, some ten or twelve years since, in the wilderness here, poor and with quite a family of children, the most of whom were too small to render much assistance in making a new farm. In a few years however, with much toil and privation, he was enabled to maintain his family, and by laying down the most of the land he had cleared up to grass, he opened a sure way to prosperity. The hay at this time, in the immediate neighborhood of lumbering operations, commanded a much higher price than it could have done in any market town in the State. His oats and other grain obtained also a correspondent price, and in a few years he was enabled to overcome all difficulties in making a good farm, and to possess all the conveniences of our best farmers. He has erected a very large barn, clapboarded and finished in the best style, suitable for the accommodation of a host of teams. He erected also, a comfortable story and a half house, and convenient out houses &c. The inside of the boards for these buildings were sawed on the ground by hand mill, with a "whip-saw," as we remember seeing in other parts of the country some twenty years ago—very laborious to be sure, and experiatively building by such means, but it was his only alternative—and necessity is the mother of *perseverance* as well as of *invention*. In the winter, Mr Hunt opens his house for the accommodation of travellers, as there is a good deal of passing to and fro on this route during this season of the year. He has now a farm of 175 acres, 100 of it cleared, and he cuts yearly about 75 tons of hay, which sells readily at $12. Mr Hunt is a shrewd business man—and like all yankee farmers knows how to *keep* as well as *get*, money, and for his his est industry and economy, deserves a fortune. Mrs Hunt is an amiable woman, and seemed to feel very much the privations of society, schools, and especially religious privileges. The visit of a clergyman in these wilds is indeed the angels' visits, few and far between. Mr Chute, by Mr Hunt's request, earnestly said his venerable sermon on the sabbath, and preached an excellent sermon from those interesting words of our Savior—"As Moses lifted up the serpent in the wilderness, even so must the Son of Man be lifted up." To be sure, he had not a large congregation, but they were attentive and interested. I would here observed, ha Mr Chute constantly, night and morning by Dr Young's request, called us together and offered up prayers to the Throne of Mercy. There was something peculiarly interesting in these exercises. We were in the wilderness among the deep wild recesses of nature, the forest of ages, where prayer probably had never before been made, and I often asked myself could it be that in these haunts of the wild beasts of the forest, 'the desser shall blossom as the rose,' and here shall prayer and supplication be made to the God of heaven!

(To be continued)

York County Teachers Institute.

No. 4.

To the Editor of the Whig and Courier

When we entered our school room this morning, we found several mottos put up about the desk and over the door. Among others we noticed the following 'A place for every thing and every thing in its place.' 'We will love one another.' 'Be punctual.' 'Try again.' 'Excelsior.' The mottos were probably put up by some individual teacher upon his own responsibility. But the sentiments of the mottos were evidently responded to from every one.—Our exercises have been very interesting to day. Among our miscellaneous subjects, we have had a lesson from Mr Walker of Massachusetts, consisting of what he calls his waking-up exercise. It was exceedingly rich.

At 3 this afternoon the Institute took a ramble to a high hill which elevates itself to the height of nearly three hundred feet above the village. This gave a fine opportunity to learn from nature. The best botanists were consulted as to the various plants in our path. The Geologists also had their enquiries around them. And even the grasshoppers, and spiders and ants—all passed under the inspection of the natural[illegible].

Our Teacher of music took his song book with him so that we had a fine time in the music as a recreation. This evening we are having a public discussion on the question, 'What motives should be presented to the scholar as incentives to study?' several have already spoken on the question and it is always the case in this subject that a variety of views have been expressed.

Alfred Sept 2, 1847

☞ The Address of our former citizen, Peleg W Chandler Esq, of Boston, before one of the Societies at the recent Commencement exercises at Bowdoin College has occasioned much remark, as extremely conservative. We hope to see a copy of it, for if our friend has said what is reported of him, he needs to be lectured a little himself.

We learn from the Portland Advertiser that The honorary degree of Bachelor of Arts was conferred upon George E Evans, of Gardiner, (who was the youngest in college, and afterwards graduated at West Point—now with the army of Buena Vista.)

The honorary degree of Doctor of Medicine was conferred upon William H Allen, Esq, a graduate of this College, now professor of Chemistry in Dickinson College, Pa.

The honorary degree of Master of Arts was conferred upon Samuel Vaughan Merrick of Philadelphia, George I Merrick of New Orleans, and Richard P Waters of Salem, Mass.

The degree of Doctor of Laws was conferred on Hon Geo Evans and Frederick Allen, Esq both of Gardiner.

The degree of Doctor of Divinity was conferred on Rev Asa Cummings of Portland, and Rev Swan L Pomroy of Bangor.

Vacancies in the Board of overseers were filled by the selection of Joseph Little Esq of Newbury Mass Rev Joseph Walker of Paris Samuel Bradley Esq of Saco John McDonald Esq of Bangor, and Rev Richard Woolhall of Thomaston—all graduates of the College.

☞ On Saturday last a child of Mr John K Gilmore, of Brewer about one year old, was burnt so severely that it died in a short time. The mother of the child had kindled a fire in the stove and run for a minute, to get a pail of water and during her absence the child crept to the stove where its clothes took fire and when she returned the child was enveloped in flames.

☞ The weather yesterday after the refreshing showers of the previous night, was indeed splendid.

☞ The Teachers' Institute for Somerset will be held at Norridgewock, for six days, commencing the 18th day of October next.

☞ The rum traffic will be eventually be destroyed; but is country or it will eventually destroy this country. Which shall it be?

☞ The tavern house two barns and other buildings of Isaac Haines of Passadumkeag were consumed last Thursday night. Loss from $2000 to $2500.—No insurance.—Bangor Courier of Monday.

Kindness in the heart is a gem of the first magnitude. Whoever possesses this trait will sail smoothly over the ocean of life, leaving behind a memory that will never cease to be cherished.

PILES.—This distressing complaint in all cases proceed from a want of proper evacuation of the bowels. This foul humors, instead of being thoroughly expelled from the body as nature part ably so, a portion being left as it were, in the bowels is the cause of that vexatious complaint called the Piles, and is frequently neglected until it ripens into a more horrid form of disease called Fistula.

Wright's Indian Vegetable Pills, of the New York American College of Health are a true and natural remedy for the above complaint and will in all cases make a perfect cure, because they effectually clean the body from all morbid humors which are in fact only the cause of Piles, but of every other malady incident to man.

Beware of Counterfeits of all kinds! Some are coated with sugar coloured so as to resemble in outward appearance the genuine medicine. The safest course is, to purchase from the regular agents only, one or more of whom may be found in every village and town in the State.

The general for sale by DAVID BUGBEE, who is the only authorized agent for Bangor.

New England Office—198 Tremont street, Boston.

aug 20 d&w

MARRIED:

In this city, 3d inst, by Rev Mr Caldwell, Mr Albion K Winslow to Miss Rosilla Lovell.

CITY OF BANGOR.

IN BOARD OF ALDERMEN
Aug 30, 1847

ORDERED, That the Street Engineers be directed to lay out a *Street*, two rods wide, beginning on the north side of the County Road near the west line of Capt. W Lowder's lot No 29 in said city; thence running westerly about forty rods to the easterly line of land owned by the Mount Hope Cemetery Corporation on Settler's lot No 28—in accordance with the petition of the executive Committee of said Corporation of this date.

Passed in concurrence. Attest
GEO W SNOW City Clerk

Copy of Record Attest,
GEO W SNOW, City Clerk

Agreeably to the above, the Street Engineers will proceed on *Thursday* the 9th day of September next at 9 o'clock A M, to lay out said street.

Immediately after the laying out they will meet at the Aldermen's Room in the City Hall for the purpose of hearing all parties interested in the premises, where they are notified to appear and be heard.

Public Notice.

NOTICE is hereby given to the inhabitants of the City of Bangor qualified to vote for Representatives that warrants have been issued by the Mayor and Aldermen, requiring Albert G Hunt, a constable of said city, to notify the said inhabitants to assemble at the following places in each of the wards in the city, on MONDAY, the thirteenth day of September next, at ten o'clock in the forenoon to act on the following articles to wit

1st To give in their votes for a Governor of the State one Member of Congress, three Senators and two Representatives in the State Legislature two County Commissioners and one County Treasurer.

2d, To give in their votes upon the question—"Shall the Constitution be amended as proposed by a Resolve of the Legislature, providing that the Governor shall be elected by the highest number, instead of a majority of votes?"

Also, upon the question—"Shall the Constitution be amended as proposed by a Resolve of the Legislature providing, that the State Senators shall be elected by the highest number instead of a majority of votes?"

3d, To give in their votes upon the question—Shall the Constitution be amended by adding thereto the following words and provisions?—"The credit of the State shall not be loaned directly or indirectly in any case, and the Legislature shall not create any debts, or debts liability or liabilities, on behalf of the State, which shall singly or in the aggregate with previous debts and liabilities thereof, shall at any time exceed three hundred thousand dollars, except to suppress insurrection, to repel invasion or for purposes of war, but this amendment shall not be construed to refer to any money that has been or may be paid to the State by the Government of the United States or to any fund which the State shall hold in trust for any Indian tribe."

Ward One will meet at the Schoolhouse on York street in said ward.

Ward Two will meet at the City Hall in said ward.

Ward Three will meet at the Schoolhouse on Hudson street in said ward.

Ward Four will meet at the Schoolhouse on the corner of Cornhill and Hammond streets in said ward.

Ward Five will meet at the Schoolhouse on the corner of French and Cumberland streets in said ward.

Ward Six will meet at the Vestry on the basement of the Baptist Meetinghouse on Harlow street in said ward.

Ward Seven will meet at the brick Schoolhouse near the house of J R Weatherbee in said ward.

Notice is also given that the Board of Aldermen will be in session at the room over the City Hall from nine o'clock A M to one o'clock P M on the day of election for the purpose of granting certificates to such legal voters as are not registered in the ward lists.

Warrants calling on the meetings in the several places of meeting by the City Marshal.

TEAS.

Bangor Agency of the New York Canton Tea Company.

The Oldest Tea Establishment in America

Principal Establishment in New York.

THE CANTON TEA COMPANY has been popularly known for many years This is the largest and oldest Tea Establishment in America The public have had full proof of their integrity and responsibility But such has been the great and increasing demand for their TEAS of late, that they have been obliged to enlarge, to a great extent, their two principal establishments in New York

They most zealously invite the attention of the citizens of Bangor to their Agency, where the following assortments are always on hand, and they feel no hesitation in stating that wherever a single trial is made, a decided preference is given to the celebrated Teas of the CANTON TEA CO

☞ Reader, make the experiment

Read prices as follows subject to all sales to be returned if not approved of

GREENS		BLACKS.

A D MANSON & CO

Thompson's Compound Syrup of Tar and Wood Naptha—It is an axiom, common sense will suggest that he ought to have recourse to proper medicines for the removal of his ailments The man who does either by consulting a respectable physician or by taking a preparation which has been properly tested, and met with the universal approval of the public This plan, however, is seldom accepted, owing to the specious advertisements of vile nauseous quacks, who unblushingly assert that one particular medicine will cure every disease that flesh is heir to from the tooth ache to the gout These wicked fabrications are read by a majority of the people, who swallow the bait, the result of which is, the public are first plundered, then half if not quite poisoned, and the rogue's fortune is made 'quod erat demonstrandum' How much better it would be, if people would inquire into the merits of a particular medicine before purchasing It would remove all doubts, and secure the purchaser from imposition We make the above remarks to introduce to our readers "Thompson's Compound Syrup of Tar and Wood Naptha," as a sterling and standard medicine for the relief of consumption, asthmatic affections and diseases of the lungs and throat This medicine we have used with the most triumphant results, and many cases of affections of the lungs have come under our notice, which were speedily cured by a few bottles of Thompson's Compound Syrup of Tar and Wood Naptha Be particular and get the genuine It is prepared only by Agency & Dickson at the N E corner of Fifth and Spruce streets

The above medicine is for sale in this city by Hall & Young, agents, 4 Smith's Block

ADAMS HOUSE,

No. 371 Washington Street,

BOSTON.

L. & W T ADAMS beg leave to inform their friends and the public that they have taken the above new and splendid Hotel

THE ADAMS HOUSE will be conducted during the past season to supply an obvious demand for an elegant and superior accommodation in this City It is located on Washington street within five minutes walk of the great Southern and Western Rail Road Depots and the business sections of the City It is adjacent to the Park and their Cupola commands a beautiful view of the Harbor and the adjoining towns

The House has been constructed after the most approved plans, with all the modern inventions that minister to the comfort and convenience of the Traveler, and the Proprietors long experience in Hotels has enabled them to introduce many improvements which are not yet, peculiar to the establishment It is built of Quincy Granite, and contains one hundred and fifty Rooms conveniently arranged in suits and single apartments, well ventilated, and supplied with an abundance of pure soft water

The Furniture was made to order from the best patterns—with specular gard as well to comfort and convenience, as beauty and splendor

Our Table will be supplied with all the luxuries of the season and we pledge ourselves that the first varieties of the season shall be found upon it

We have devoted undivided attention to the selection of Servants, and our Guests may rely upon prompt and polite attendance

Porters will be in readiness at the various Depots to take charge of baggage, and provide Carriages for our Guests

The Proprietors trust by strict attention to the wants of Guests to merit a share of patronage, assuring all who may favor them with a visit that nothing shall be wanting on their part to render the ADAMS HOUSE second to none in the Union

L. & W. T. ADAMS,
Proprietors.

PATENTS.

AMERICAN AND FOREIGN OFFICE,

And Agency of the U S Patent Office, Washington

122 State Street—Boston.

THE subscriber by appointment from the Commissioner of Patents is Agent of the U S Patent Office for the purpose of receiving and forwarding to the same all such models specimens of ingredients and manufactures as shall be intended to be patented, or deposited therein, which will be received and forwarded, free of expense and risk, to their owners, and with all possible despatch The subscriber will prepare Caveats, Specifications Assignments and all the necessary Papers and Drawings, will make researches into American and Foreign works, for establishing the validity or utility of inventions, and render advice on all legal and scientific matters respecting the same Patents secured in Europe and other countries

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents The experience of fifteen years's practice—an extensive collection of rare works, documents, decisions &c on mechanical subjects and the Patent Law—and patents of different countries, located at much less cost than using the long time this office has been established, and to which daily additions are made together with accounts kept of inventions patented at Washington enable us to afford rare assistance and information to those in search of securing Patents which to others residing at a distance would be difficult of attainment

THE GRAEFENBERG PILLS.
THERE ARE THE MOST CONCLUSIVE REASONS why that class of Medicines denominated "PATENT" should be made the means of fortune, suppose, for example, belongs to the humble family of some ingenious observation and great medical learning and experience are brought to bear upon the invention of a PILL. Why may not the long devotion to this division of medical science be crowned with the success that attends the sacrifice of similar talents and toil in other things? There is no reason, and it is but the simplest dictate of the simplest common sense to say that a Pill thus produced will be a perfect article as can be made by man. Twenty years devotion to any one subject will give a man of ability the mastery over it. This labor has been bestowed upon the
Graefenberg Vegetable Pills
and they are presented to the public with the claims unparalleled in the whole history of medical science.
It will be seen, in tracing the history of all great inventions, that they were not made or discovered until the arrival of what may be termed the ripeness of time. This marriage ceremony, for instance, was not invented until in the "full period of time" it was needed. The locomotive always lay in nature's fact, but he never knew what a wonderful and powerful guiding guide was reserved in its lofty bosom, until the Divinely appointed time drew from every obstacle, contrivements and balance wheels to be unveiled. Behold now transferred to the pinnacle of the adventurous sailor, enabling him to launch far away upon unknown Oceans, instead of timidly sailing within sight of familiar land marks!
So with the discovery of the New World, upon whose shores was to arise this Great Nation, the conception of the religious enthusiast of the Old World, reached its highest degree of the "fullness of time." Driven near for the revolution of the New, and behold the immortal Columbus from the forecastle of his financial and lonely vessel, found it! So with the invention of printing, of steam, of the magnetic telegraph. Each of these had stolen "fullness of time," marked, distinct and providential.
IN MEDICAL SCIENCE THE SAME GREAT PRINCIPLE PREVAILS. MANKIND MOST BEAUTIFULLY IN ILLUSTRATIONS AND PROOF of this which are the most conspicuous in the history of the world. We can trace them from the Mosaic dispensations down to the present hour, all of them touching on the leaven and giving the hope that something better to heal human maladies is at hand.
But this principle is as true of Medical as of Physical science, is clearly shown in the
GRAEFENBERG GAZETTE,
which is furnished gratuitously to all who wish it.—Ed.

Graefenberg Pills,
are deemed by all who have tried them to be an inconvertable advance upon all other medical combinations and discovery hitherto known, and they are announced in
THE GREAT REMEDIAL TRIUMPH
The inventor of these Pills rests his theory upon no account nor dogma of medicary nodoxy. He claims for himself upon the results of the
ALMIGHTY CREATOR,
THE
"THE BLOOD IS THE LIFE,"
he recognizes as his disciples and his patients make pure the life current, that is spread through every vein and artery, believing they can hope for a permanent cure in the fine engaging them and so sanctifies, but bright and joyous health must come from a pure blood.
But a most and sought have come in! So countless are the imposition which are practiced upon the public by pretenders and so numerous and boastful are the medicines advertised, that he is far may be slow to believe in this Great Remedy. A word, therefore, on its part.
In the first place, BEAR IN MIND THE GRAEFENBERG GAZETTE. No matter how sceptical you may now be, that paper will convince you. The most is here given convinced in every State and Territory in the Union, and among them distinguished statesmen, jurists, orators, physicians, divines. Their testimonies will be sent to the reader free of charge, and the most convenient agency for a copy of the Gazette, wherever is had.
GRATIS!!
In the second place, TRY THE PILLS. It will cost but the merest trifle, and what is rodiculous to a medicine which can will do a single person in the land of your days. All the mind things herein in the name of the Pills are such which they only claim to be to sight the reader, but the immediate advertisement will. But for nothing will be followed by good reasons. The trial of the Graefenberg Pills once they will be PERMANENTLY CURED!!
Asthma, Bilious Complaints, Boils, Female deficient action in, Breast Pains, Catarrh, Constipation, Cough of Frequency, Costiveness, Diarrhea, Difficult Breathing, Dyspepsia, Dyspeptic Consumption, Digestion imperfect, Determination of Blood to the head, Ear Ache, Erysipelas, Epilepsy, Fever—Low, Nerve in, Intermittent, Remittent, Fever and Ague, Flatulency, Flushes, or Hot Blood, or Whites, Fever Fever, Gripe Sickness, Gripe, Heartburn, Headache, Hysterics, Weakness, Inconvenience of Urine, Indigestion, Inflammation of vital parts, Inflammation of the stomach, Jaundice, Liver complaints, Low spirits, Menstruation, Suppressed or painful, Nervous disorders, Neuralgia, Obstruction, Sleep ill, various diseases, Weak Fever and Ague.
In all bilious or nervous disorders, these Pills achieve the most wonderful triumph. Bear their power in mind. Bear their power in mind. And if the upon it is the duty of the American constitution to these diseases, they are aptly styled by some
The Pill of the New World.
The wonderful efficacy in these complaints arises from their power to CLEAN THE BOWELS, CLEANSE AND STRENGTHEN THE STOMACH AND BOWELS, MAKE THE URINE FLOW HEALTHILY AND CLEAR, AND TO GIVE TONE AND STRENGTH TO THE SYSTEM.
It is unplausible, with no limits of an ordinary advertisement, to give the reader the reasons for the most extraordinary success and spread of these Pills. But reasons do exist which have abundantly satisfied the minds of thousands in this country, in flowing from the accomplished Physicians, Jurists, Clergymen, and private citizens, male and female.
Numerous certificates of the wonderful efficacy of these Pills will be presented, but such certificates in these days are scarcely worth the paper on which it is printed. A few extracts from the correspondence of the Company, will however, be given.
FROM HON. ——
"Your enterprise is the enterprise of the day. Its magnitude will astonish a world. It is destined to effect a complete revolution in the medical world."
FROM A JUSTICE OF THE PEACE IN WESTERN N. YORK
"I have only a number of boxes to the citizens of this place. They have given entire satisfaction, and they are destined to become the most popular Pill of the day."
FROM TOLEDO OHIO
"Having heard so much, and witnessed two or three cases treated in the most direct by your Journal, I have thought it imperative on me to be an agent at this place. In my opinion, more good can be done in this by means of your medicines, than by the old medical."
I address you at the instance of a friend who is making a thorough trial of your remedies, and with complete success."
FROM A PRACTICING UNITED GENTLEMAN OF BOSTON.
Gentlemen,
I cannot refrain from troubling you with a few lines to express my great pleasure in being able to say that I have experienced the greatest relief from the effect of your Pills. For many years I have suffered much from constipation, which has discouraged my whole system. And I have not known a day's good health for many years past, and being an old man, I despaired of ever again enjoying it, but a friend recommended me to try your Pills which I did, although without any confidence, the result, I am happy to inform you, has far exceeded my expectations, the cause of my suffering is nearly removed, and I feel my health and strength daily renewed, and I am satisfied that the merits of your Pills will be appreciated, must be set now lodged by the whole community, and will become the most popular medicine of the day."
FROM JUDGE ——, OF GEORGIA.
Sir,
Since writing to you last upon the subject of my ill health, I have been taking your medicine, and am pleased to say, that they have been of great service to me, and if they continue to give me the relief I have already felt, I shall be satisfied that you sent them. I need not allude again to the sufferings I have before told you of, but intend to persevere, and hope to be able, the next time I write, to give you the happy intelligence of a perfect cure. I have heard of many instances in my neighborhood where they have performed some extraordinary cures."
FROM AN EPISCOPAL BISHOP.
Gentlemen—I consider it to be the duty of every Christian to make known to the world any advantages that they may have derived by accident or from any discovery or their own, and with this sentiment strongly impressed on my mind, I feel great gratification in having it in my power to speak in the highest terms of the valuable discovery you have made in the production of your Pills. I was induced to try them, from the philosophical manner in which you have reasoned on the subject, and I must do myself the pleasure, and you the justice to say, that I had no conception so speedily an effect could be air vedi. My complaint has been that of the Liver, from which I despaired of getting better, but since taking your Pills, I find my general health, spirits and appetite so much improved that I hope to find myself able to conduct, without bodily suffering, the duties of an arduous Profession. In future I will send to your agent for more Pills when needed. With great consideration and great esteem, &c.
From every section of the Union innumerably similar testimonials are daily see ived, but our limits for bid forth extracts. ONCE TRIED, THE GRAEFENBERG PILLS WILL SUPERCEDE ALL OTHERS.
WHOLESALE WAREHOUSE,
49 John Street, New York.
In towns where there is no branch, the Company will appoint one on application by letter (post paid) or otherwise.
Persons wishing the Pills sent by mail, can order them.

CONSUMPTION CURED!
A TRIUMPHANT SUCCESS OF
Bucan's Hungarian Balsam of Life,
THE GREAT ENGLISH REMEDY
FOR
COLDS, COUGHS, ASTHMA and CONSUMPTION!
The most celebrated and INFALLIBLE remedy for Colds, Coughs, Asthma, or any form of PULMONARY CONSUMPTION, is the HUNGARIAN BALSAM of LIFE, discovered by Dr. Buchan, of London, England, tested for upwards of seven years in Great Britain and on the Continent of Europe, and introduced into the United States under the immediate superintendence of the inventor.
The astonishing success of the Hungarian Balsam in the cure of every form of CONSUMPTION warrants the American Agent in selecting for treatment the WORST POSSIBLE CASES that can be found in the community, cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished Physicians as confirmed and INCURABLE. The Hungarian Balsam has cured and will cure the MOST DESPERATE of CASES. It is no quick acting but a standard English Medicine, of known and established efficacy.
IT IS THE BEST COUGH MEDICINE in all cases of colds, coughs, spitting of blood, pain in the side and chest, difficult breathing, hectic fever, night sweats, emaciation and general debility, asthma, influenza, hooping cough, and croup.
In cases of settled disease of the lungs, or seated Consumption, it is the ONLY SOURCE OF HOPE.
Sold by McDONALD & Smith, Sole Agents for the United Kingdom, at the Medical Warehouse, Regent Street London, in tins and cases, for ships, hospitals, &c.
By Special Appointment—DAVID PRADLEE, 170 Washington Street, Boston, Mass., Sole Agent for the United States and British American Provinces.
American price, $1 per bottle, with full directions for the restoration of health.
Pamphlets, containing testimonials of English and American physicians and other residence, showing the wonderful efficacy of this Great English Remedy, may be obtained of the Agents gratis.
None genuine without the written signature of the American Agent, on a gold and bronze label, to counteract which is forgery.

DEAFNESS CAN BE CURED!
COOPER'S EARTHERN OIL—A prompt and lasting remedy for DEAFNESS, also for pain and discharge of matter from the Ears. Hundreds of cures in cases deemed utterly hopeless have firmly established its superiority over every former Medical discovery.
This valuable Acoustic Medicine is a compound of four different Oils, one of which the active and principal ingredient is obtained from the bark of a certain species of Walnut, a new and effectual agent in the cure of Deafness.
Persons who have been deaf for 10, 15 and even 20 years have been permanently cured by using this Oil. In fact, so numerous and so emphatic have been the testimonials in favor of the inventor claims to be the distinction of an Infallible Remedy in such cases, when the Ear is perfect in its formation.
For further particulars and evidence of its great value, see pamphlet sheets in the hands of Agents.

DR. S. O. R. CHARDSON'S
CONCENTRATED
Sherry-Wine Bitters.
THE Proprietor of this medicine offers to the public the result of an extensive practice and a thorough investigation of the laws which govern the human system.
It cannot be denied by those who have become acquainted with the singular virtues of these Bitters that they possess a pre-eminence over all others now in use, for the diseases which they profess to cure.
It is well known fact, that most diseases arise from a derangement of the Stomach and Bowels, in youthful adult and declining life.
The extensive sympathies which subsist between these and every other part of the living body, form the foundation of Nervous Diseases of all kinds—Irregular Appetite, Languor, Drowsiness, Wandering Pains, Headache, Lowness of Spirits, &c. and these in their turn give birth to Dyspepsia, Palpitation of the Heart, Shortness of Breath, Jaundice, Piles, Fever, Inflammatory Humors, Coughs, and a host of diseases which embitter life and poison all sources of enjoyment.
The distinguished character of these Bitters is most striking, their operation being more or less powerful according to the violence of the disease. When used in appropriate quantity, in cases of slight derangement of the Stomach and Bowels, they cleanse the system, or a slight bilious difficulty, and the use, where nature needs assistance to prevent more serious consequences, they will be secretly felt.
On the contrary, in obstinate cases they frequently operate more powerfully, causing two or three evacuations daily, until the circulating fluid becomes purified. This accomplished, they act on the system in connection with our food, each receiving mutual assistance until the constitution is restored to a state of health and renewed vigor.

JULES HAUEL'S
PREPARATIONS!
TRY THEM, AND JUDGE FOR YOURSELF!
TO THE PUBLIC.
Wonderful! That's Right—A proper Principle adopted.
YOU cannot object to giving my articles a trial. If they are not found to be as represented, return them, and your money will be cheerfully refunded.—Remember there is no quackery—no humbug,—here. A trial will cost you nothing—so if any one is humbugged, it will be myself. With the utmost confidence I recommend to the parts the attention of the public the following articles. First—
MY EAU LUSTRAL HAIR RESTORATIVE.
This universally approved and admired article, free from ardent spirits, pungent essential oil, and other destructive materials, cleanses the hair and scalp, renders it beautifully bright, and imparts to it the delicate fragrance of the flowers. It excites the scalp to a new and vigorous action, cleanses it from scurf and dandruff, and its effect on the restoration and growth of the hair is unrivalled by any other preparation of the kind. Second—
MY EAU DIVINE DE VENUS AND NYMPH SOAP.
Composed of an Eastern Botanical Discovery of Surprising Efficacy, for rendering the SKIN SOFT AND FAIR, as well as imparting a Delicate Roseate Hue to the Complexion.
No lady's toilet is complete without this article. Its effect on the skin is exceedingly beautiful it removes all harshness, clears the complexion, and leaves a delicate roseate hue that cannot be surpassed. Third—
MY SHAVING CREAM.
"It is a luxury to shave with Jules Hauel's Premium Cream."
This Cream is acknowledged by all who have used it to be superior to any in use. It produces a fine and rich lather. It does not smart or irritate the skin, on the contrary, it is very soft and highly emollient. No person will use any other, after once using this admired preparation. For the
MY DEPILATORY POWDER.
This Powder has never failed to produce the desired effect. Its composition is infallible and warranted to remove superfluous hair. Many ladies have used it, who were afflicted with hair on the face of the face, arms, &c., giving a masculine turn to the features, and who testify of its happy effect. Fifth—
MY CELEBRATED VEGETABLE LIQUID HAIR-DYE.
A Chemical Result to enable persons to dye their hair instantaneously without the least inconvenience.
"My white hair has been changed like magic by using one bottle of Jules Hauel's Celebrated "Vegetable Liquid Hair Dye."
For changing red or grey hair, whiskers, eye brows, &c., to a brown, black or chestnut color. The slightest evil consequences need not be feared from its use—it is altogether harmless. Its composition is the only one sanctioned by the science of chemistry to dye, in a durable manner, by various gradations of colours without danger or inconvenience, and has satisfied the liberal patronage and unlimited confidence of the public.
Beware of Counterfeits! Ask for "Jules Hauel's Vegetable Liquid Hair Dye," if you want the genuine article. Sixth—
MY UNRIVALLED ROSE TOOTH PASTE,
is universally sought after, for the pearly white enamel it gives to the Teeth, without the slightest injury.—Seventh—
MY CELEBRATED PERSIAN OR CHINESE POWDER.
Patronized by the Fashionable Worlds of the Old & States and under the immediate patronage of the Ladies.
This powder is not qualified for the nursery, for its soothing, beautifying and preserving the complexion, rendering the skin delicately white, smooth and soft, preventing cutaneous eruptions, chapping and obviating the troublesome prickly heat. To persons in delicate or warm climates will highly appreciate this grateful appendage to the toilet.
NINE HUNDRED DOLLARS REWARD
Will be paid to the person who will prove that Jules Hauel's Vegetable Liquid Hair Dye is not the best,—the very best yet known in this country or in Europe.—This valuable discovery will enable a person to dye instantaneously the hair or whiskers, in a few minutes, without the least inconvenience. This preparation is warranted not to wash out, nor to injure the health of the hair, and retain all its softness and brilliancy.
From a celebrated Chemist of the City of Philadelphia
"DEAR SIR.—It is with a high degree of pleasure that I furnish you with my testimony in favor of your Eau Lustral Hair Restorative. I have been surprised by its wonderful and beneficial results, and have no hesitation in saying, that I believe it to be the most valuable and extraordinary discovery ever known for restoring and reproducing a fine and luxurious head of hair in regard to it. Nymphs Soap, Hair Dye, Rose Tooth Paste, Depilatory Powder, and Shaving Cream, I must say that they are scientifically compounded, and that it is a real luxury to use them. Yours, &c.
JOHN FARR, Chemist,
President of the Manufacturers and Mechanics' Bank, Philadelphia.
MR. JULES HAUEL.
Try it! Try it! It is furnisher Gratis.
The most positive and convincing proof of the superiority of an article depends on the favor and estimation it has received from those who have used it. With respect to my Shaving Cream, it is always used with satisfaction, and has everywhere met with universal approbation.
Those persons who have not made use of this delightful preparation, are recommend to call at the store of the Proprietor No. 129 CHESTNUT Street, receive, without charge, a small box for trial, as I am determined to let all try it and judge for themselves.
Prepared and sold, Wholesale and Retail by
JULES HAUEL, Practical Chemist and Perfumer
An Extract from the Report of the Judges of the "Franklin Institute of Pennsylvania."
"After a minute and careful examination of the preparations submitted to our notice by Jules Hauel, Chemist and Perfumer, of the city of Philadelphia, we do not hesitate to pronounce them truly valuable preparations, well calculated for the toilet."
READ THE CERTIFICATE!
"The Franklin Institute, of the State of Pennsylvania, for the Promotion of the Mechanic Arts, have awarded to Jules Hauel, of Philadelphia, their Testimonial of their approbation for the skill and ingenuity displayed in the manufacturing of his celebrated Eau Lustral Hair Restorative, and other perfumery, deposited at their late Exhibition of Domestic Manufactures in the city of Philadelphia.
(Signed) J. V. MERRICK, President.
J. SMITH LUKENS, Vice Presidents.
THOS. FLETCHER,
J. B. GARRIGUES, Rec. Secretary."
From CONSTANT GUILLOU, Esq., Attorney at Law, and Notary Public, Philadelphia.
"From personal acquaintance with Jules Hauel—an experienced and fashionable Perfumer and Chemist—I was prepared to appreciate the numerous testimonials in favor of his different fashionable preparations. On trial of them in my own family, and some of them personally, I have more than realized these favorable anticipations, and can say they profess to be scientifically prepared and compounded. I have at all times since my experience, been convinced of the great merit of the Eau Lustral Hair Restorative, Shaving Creams, Nymph Soap, and, in fact, all the popular preparations of Mr. Hauel.
It is with the greatest pleasure that I can recommend the above articles to all of my numerous friends, and the public. They are, in their way, invaluable.
CONSTANT GUILLOU."
From DANIEL J. DESMOND, Esq. Attorney at Law, Consul General of Portuguese States, Vice Consul of Austria, Sardinia, Portugal and Tuscany.
"To Mr. Jules Hauel.
Sir—Though I have not the pleasure of a personal acquaintance with you yet a sense of duty to yourself and the public generally, constrains me to bear my unsolicited testimony in favor of your different fashionable preparations. On trial of them in my own family, and some of them personally, I do most solemnly declare that they are what they profess to be, scientifically prepared and compounded. I am convinced of the great worth or merit of the Eau Lustral Hair Restorative, the rose cream, Nymph Soap and Rose Tooth Paste.—I am fully satisfied of their intrinsic worth, and do heartily recommend them to all for the use and purpose they are intended. Nothing can excel the beauty and lustre imparted to the hair by the use of the Eau Lustral Hair Restorative. It invigorates the hair and promotes its growth. The Shaving Cream is unsurpassed and decidedly excellent, being a fine and highly emollient composition—it does not smart or irritate the skin, while the Nymph Soap operates beautifully upon the pores of the skin, and cleanses it from all impurities. The Rose Tooth Paste imparts to the teeth a pearly whiteness, and is well calculated to preserve the teeth and gums from decay. They are in their way invaluable.
I have seen some of my friends who have used your Vegetable Liquid Hair Dye, dye the hair easily and in a few minutes, and the color of the hair is really beautiful, and none will detect the artificial colors as it keeps out of Yours &c.
DANIEL J. DESMOND

Dr. Townsend's
SARSAPARILLA,
The Most Extraordinary Medicine in the World.
This extract is put up in quart bottles, is more concentrated, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.
The great beauty and superiority of this Sarsaparilla over all other medicines, while it eradicates diseases it invigorates the body. It is one of the very few Spring and Summer medicines ever known, it not only purifies the whole system and strengthens the person but it creates new pure and rich blood, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 45,000 cures of severe cases of disease, at least 6000 of these were considered incurable. More than
2000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
4000 cases of General Debility and Want of Energy,
7000 cases of different Female Complaints,
2000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Dropsy,
8000 cases of Consumption,
and thousands of cases of diseases of the blood viz.—Ulcers, erysipelas, salt rheum, pimples on the face, &c., together with numerous cases of sick headache, pain in the side and chest, spinal affections, &c. &c.
This we are aware must appear incredible, but we have letters from physicians and our agents from all parts of the United States, inform us of extraordinary cures. R. Van Buskirk, Esq. one of the most respectable druggists in Newark N. J., informs us that he can refer to more than 450 cases in that place. There are the best of reasons in the city of New York which we will refer to with pleasure, and to one of character. It is the best medicine for the purpose of disease known. It undoubtedly saved the lives of more than
5,000 CHILDREN, THE PAST SEASON
and it removed the cause of disease, and prepared them for the summer season.
UNITED STATES OFFICER
Capt. G. W. Mellon, of the United States Navy and a member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.
RAHWAY, June 2, 1847
A year since I was taken with the chills, and my whole system left in a debilitated state. I resorted to Dr. Townsend's Sarsaparilla and after taking one bottle of the bottles, I was very much relieved and attribute it entirely to the said Sarsaparilla. I have continued taking it and find that it improves every day. I believe that it saved my life, and would not be without it under any consideration. G. W. MELLON
SCROFULA CURED.
This Certificate conclusively proves that this Sarsaparilla has perfect control of the most obstinate case of the blood. Three persons cured in one house and unrecounted.
THREE CHILDREN
Dr. Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the scrofula by the use of your excellent medicine. They were all cured very severely with bad sores on the throat, some four bottles, it took them twice for which I feel myself under a debt of gratitude. I remain respectfully,
ISAAC W. CRAIN, 106 Washington st.
New York, March 1, 1847
Brooklyn Jan 3 1846
TO MOTHERS AND MARRIED LADIES.
The extract of Sarsaparilla has been extensively prepared in my practice, with the complaints. No family who has reason to suppose she is approaching that critical period, the turn of life, should neglect to take it, as it is a certain preventative for one of the most numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable in those who are approaching maternity, and in all cases it is recommended by many other preparations of the kind. Second—
MY EAU DIVINE DE VENUS AND NYMPH SOAP.
Composed of an Eastern Botanical Discovery of Surprising Efficacy, for rendering the SKIN SOFT AND FAIR, as well as imparting a Delicate Roseate Hue to the Complexion.
No lady's toilet is complete without this article. Its effect on the skin is exceedingly beautiful it removes all harshness, clears the complexion, and leaves a delicate roseate hue that cannot be surpassed. Third—

Prepared and sold, Wholesale and Retail by
JULES HAUEL, Practical Chemist and Perfumer
An Extract from the Report of the Judges of the "Franklin Institute of Pennsylvania."
"After a minute and careful examination of the preparations submitted to our notice by Jules Hauel, Chemist and Perfumer, of the city of Philadelphia, we do not hesitate to pronounce them truly valuable preparations, well calculated for the toilet."
READ THE CERTIFICATE!
"The Franklin Institute, of the State of Pennsylvania, for the Promotion of the Mechanic Arts, have awarded to Jules Hauel, of Philadelphia, their Testimonial of their approbation for the skill and ingenuity displayed in the manufacturing of his celebrated Eau Lustral Hair Restorative, and other perfumery, deposited at their late Exhibition of Domestic Manufactures in the city of Philadelphia.
(Signed) J. V. MERRICK, President.
J. SMITH LUKENS, Vice Presidents.
THOS. FLETCHER,
J. B. GARRIGUES, Rec. Secretary."
From CONSTANT GUILLOU, Esq., Attorney at Law, and Notary Public, Philadelphia.
"From personal acquaintance with Jules Hauel—an experienced and fashionable Perfumer and Chemist—I was prepared to appreciate the numerous testimonials in favor of his different fashionable preparations. On trial of them in my own family, and some of them personally, I have more than realized these favorable anticipations, and can say they profess to be scientifically prepared and compounded. I have at all times since my experience, been convinced of the great merit of the Eau Lustral Hair Restorative, Shaving Creams, Nymph
